

Bay mayor calls for track inspection; terms mainline condition 'deplorable'

by JAKE JACOB

In the wake of almost daily reports of major and death dealing train derailments throughout the South, Mayor Larry Bennett of Bay St. Louis, following an inspection of the Louisville and Nashville Railroad's mainline in

his city, yesterday sent a telegram to the railway, calling for an immediate inspection of the rail, and the institution of remedial action where necessary to bring it back into prime condition.

Addressed to I.L. Bell, superin-

Telegram sent to L&N

tendent, the telegram states:

"Due to the ever increasing derailments which are occurring, it has been brought to my attention that deplorable conditions exist along the rails that run through this city.

"In order to protect the lives and property of the citizens of Bay St. Louis, I request that you have an inspector in my office by noon tomorrow, Thursday, March 2 (today), or I will be forced to take drastic action."

Two years ago this month, in a screaming of tortured metal, six tankers and two freight cars of a 125 car westbound freight left the Louisville and Nashville mainline at the Sycamore Street switch and came to rest upside-down alongside the track, almost inside the back yard of the home belonging to Mr. and Mrs. Herbert Laneaux, 400 Washington St., Bay St. Louis.

Approximately four months later, this time from a 124 car eastbound freight, seventeen tanker and rail cars jumped the track at the same location and tore their way from there through to the other side of the depot before the front of the train, then on the Bay bridge came to a halt.

This time an overturned tanker leaked skin-irritating hexamethylene gas, over a large area until firemen wearing protective clothing could clamp down the offending valve and reduce the flow rate. Two other men were injured in the track clean-up

project.

Following the wrecks, members of the municipalities and county governments met with the Louisville and Nashville Railroad uttering firm requests that the track, described by local townsfolk as being "in deplorable condition" and by L and N as being "perfectly safe," be reworked throughout its length in Hancock County.

A second request called for trains to observe speed limits of 30 miles an hour in the county and 50 outside the municipal limits.

Amid continued complaints from both rural and municipal residents, the Mississippi Public Service Commission sent Ernest Reeves, Jr., Southern District railway inspector, to investigate, a move that found him at the protest meeting and also on a personal visit to the track.

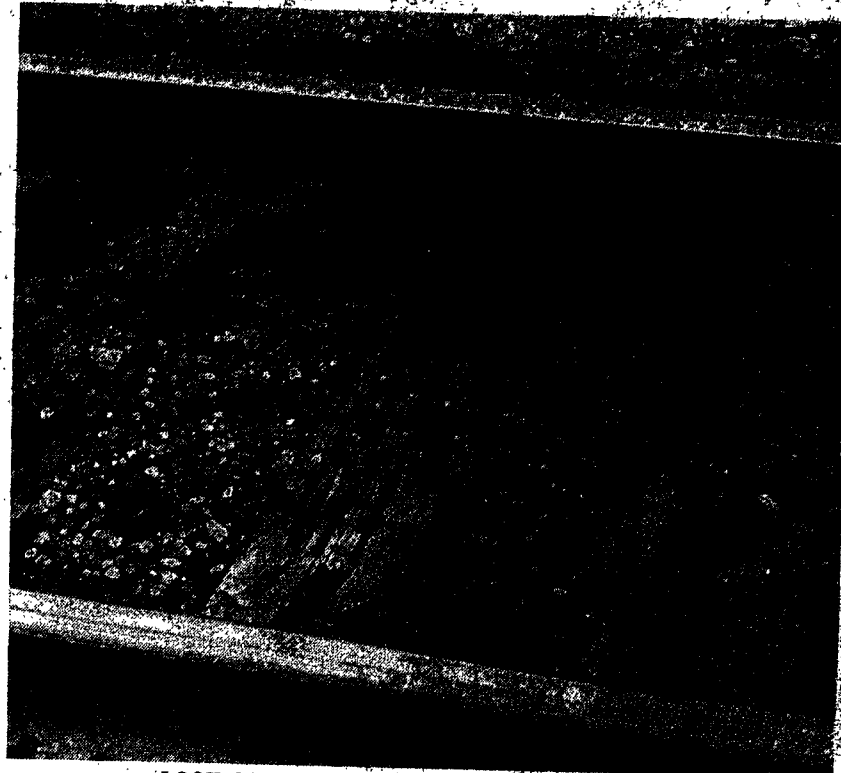

Rural residents, particularly those in the Lakeshore and Clermont Harbor area, accompanied Reeves, pointing out what they considered discrepancies and areas in need of attention.

Work was undertaken by L and N following these attentions and trains slowed during their traverse of the county.

Complaints concerning track condition and train movement rate have increased over the last several weeks, with persons in Clermont Harbor expressing fright over the speed of the trains and their "violent rocking

motion."

Residents of both Waveland and Bay St. Louis have reported the increasing sway motion of trains, an increase said to be caused by a like hike in train speed and a multiplying number of 'low spots.'

Individually clocked trains travelling alongside Railroad Ave., have, according to persons using the road, been

moving far in excess of the speed limit.

Yesterday-Bennett made mention of a uniform 20 mph speed limit for all trains now being sought by the Gulf Coast mayors to extend from the western limits of Waveland clear through to the other side of Ocean Springs.

Father of 11 fills School Board slot

by EDGAR PEREZ

The Bay St. Louis City Council has unanimously approved Mayor Larry Bennett's nomination of a 53-year-old father of 11 children to the Bay Municipal Separate School Board.

The appointment of Maurice E. Singleton of 450 Easterbrook St., Bay St. Louis native and commodity manager for Global Associates at NASA-NSTL, is effective Saturday.

He will attend his first meeting as a member of the school board at 7:30 p.m. Monday, March 13.

Singleton replaces William E. Breeland who has completed a five-year term to which he was appointed by former Mayor Warren Carver.

The board is composed of five members, two of which are elected from Waveland and three appointed by the Bay St. Louis mayor, subject to council approval.

Also appointed from Bay St. Louis and currently serving on the board are See SCHOOL BOARD - Page 8A

Dale balks at PSC decision

Telco ponders next move following rate hike slash

by EDGAR PEREZ

South Central Bell in Mississippi has taken a Public Service Commission ruling granting the company some 60 per cent of a requested rate hike under study pending a decision on whether to appeal the commission action.

F. M. Kyle Jr., company district manager for the state's coastal counties, said if the company accepts the commission ruling, refunds will be paid to Hancock County subscribers within 120 days.

Rate hikes went into effect last year under bond, based on the premise the company would be granted a requested \$46.9 million increase.

But the PSC last week approved only about \$27.9 million, and ordered the company to refund some 40 percent of the increase being charged since last

September.

Under law, the company is allowed to put a pending increase into effect, but must refund any portion of the raise not approved by the commission.

The three-member commission action granting the company a portion of the requested increase came on a split vote, with Southern District

Commissioner John L. Dale refusing to approve any increases for the company at this time.

The commissioners were unanimous in their refusal to grant the company an increase in pay call rates from 10 cents to 25 cents.

And the commission also denied the See PHONE RATES - Page 8A

Coast's Irish to celebrate 14th anniversary on Waveland streets

by EDGAR PEREZ

The 140-member Waveland Civic Association and band O'Friends will set off on the 14th annual St. Patrick's Day Parade at 2 p.m. Saturday, March 18, from the Elwood O'Bourgeois Memorial Park.

The yearly event has grown from its beginnings in 1964 when a beer-hauling "Paddy Wagon" and small band of jubilant marchers first spread their special brand of merriment through the city's streets to an expected 70-unit extravaganza this year.

The highly-popular Paddy Wagon is expected to keep the association's membership free of any nagging thirsts again this year, according to Archie O'Diebold, last year's grand marshal.

Adding to the spirit of the day will be the U.S. Navy Steel Band, Keesler Air Force Base Marching Band, Pearl River Junior College Band, St. Clare Warriors Marching Band and others, O'Diebold said.

The Biloxi Veterans Administration Forty & Eight Locomotive will add color to the event, along with mounted groups and decorated trucks, floats and other vehicles.

O'Diebold said the association will enter six floats which will carry the 1978 "Colleen" or queen, leprechauns and various pigny sprites, and diverse mischievous spirits.

Ten maids of the Colleen's court will ride convertibles.

The Colleen, whose identity will be revealed at the association's St. Patrick's Ball Saturday, March 11, is selected on the basis of scholastic achievement, the former grand marshal reported.

Some 25,000 dubloons will be tossed to spectators along the parade route, as well as beads, throws, and the traditional cabbage and potatoes.

The annual parade was originated in 1964 by the Waveland Men's Club when Jody U. McGriffin served as first grand marshal.

O'Diebold said the club was chartered by the State of Mississippi as the Waveland Civic Association in 1967, with the St. Patrick's Parade tradition maintained by the group through the past 14 years.

Ballot marking instructions need claimed

By ELLIS CUEVAS

Hancock County Election Commissioners on Tuesday called for steps to help educate the electors of Hancock County in the proper marking of ballots.

The commission, composed of Jake Morreale, chairman; Frank Lee, Pete Moran, J. Roland Ladner and J. V. Ladner were unanimous in the opinion that prior to the next election, seminars will be held for election managers and voters to try and help eliminate the many ballots which were spoiled by improper markings.

Ballots in Saturday's special election were thrown out for having too many marks, signatures, underlines, comments, and the like.

Waveland in recent years had two adrematic races that were decided by vote.

NEW TAX ASSESSOR-COLLECTOR - Edward (Eddie) Murtagh, Jr. and wife, were all smiles Saturday when unofficial returns gave Murtagh 20 vote lead over Clarence V. Lee. Murtagh assumes post vacated by Heitzmann

By ELLIS CUEVAS

Edward (Eddie) Murtagh, Jr., was sworn in as Hancock County Assessor-Tax Collector on Wednesday by Chancery Clerk J.D. Rutherford, Jr.

Murtagh was certified winner of a close special run-off election on Tuesday by the Hancock County Election Commission after a recount. The final count was 2307 for Murtagh and 2287 for Clarence V. Lee.

Lee requested a vote by vote count Monday after a check of tally sheets narrowed the unofficial Murtagh 2309, Lee 2288 count Saturday night to a bare 12 vote margin.

Election commissioners began the task of recounting votes in the 30 county ballot boxes on Tuesday. The Dedman box was the last to be recounted. Murtagh on conclusion of the count showed margin the same as in the original count.

There was a total of 4,594 votes cast (other incorrectly marked ballots were disallowed by the election commission). Murtagh got 50.217 percent of the vote with Lee getting 49.783

percent.

UFO sightings are subject of new TV series

Unidentified Flying Object (UFO) spotters in Hancock County have been advised by Keesler AFB that a new television series based on Air Force UFO investigations has begun on National Broadcasting Company stations.

A television series based on Air Force unidentified flying object (UFO) investigations has begun on National Broadcasting Company stations.

The hour-long Sunday night series, entitled "Project UFO," uses actual case histories from the Air Force's investigative files. File copies of the Air Force project were purchased from the National Archives by the executive producer of the series, Jack Webb.

The blue book study ended in 1969 because sightings could not be substantiated, nor did reports or investigations

uncover any threat to national security.

Dates set for Bay-Waveland kidney \$ drive

Bay-Waveland door-to-door drives for the benefit of Kidney Foundation of Mississippi will be March 6-8. Brother Joseph Donovan, chairman of the drive, announced this week that volunteers led by the St. Stanislaus School will visit all neighborhoods during that time.

Important information about the Kidney Foundation and its work, kidney disease and its warning signs, and organ donation will be brought to each home. Funds will be collected to support vital patient service programs, public education programs, and research programs. "A quarter million people in Mississippi will have kidney disease this year - that's one out of every ten people," explained Donovan.

He stressed the importance of reading the literature and making a donation. The Kidney Foundation is the only voluntary agency seeking the total answer to kidney disease - the prevention, treatment and the cure.

THANK YOU

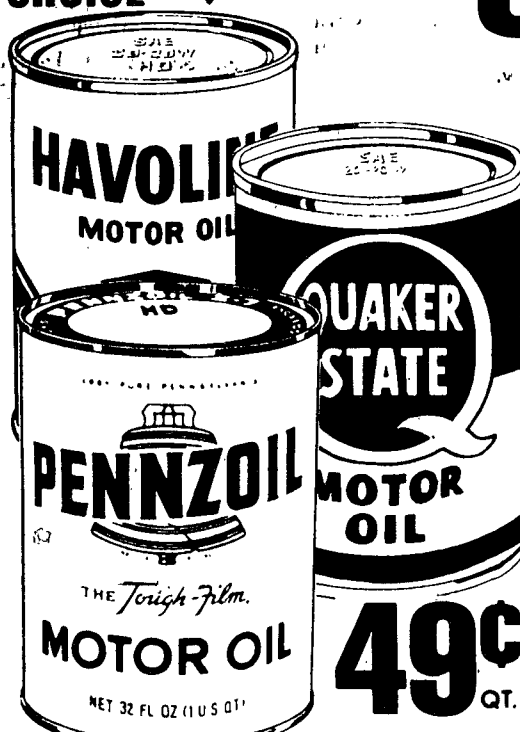

I wish to express my sincere appreciation to all the people of Hancock County for affording me the opportunity to serve them as their tax assessor/tax collector. My personal thanks to those who worked so diligently with me during the campaign. I am particularly grateful to the election commissioners, and all persons who worked at the polling precincts during this election and afforded both candidates a fair and impartial election. I extend my congratulations to Mr. Clarence Lee, his wonderful family, and his many supporters on the excellent race that they conducted. I intend to serve all of the people of Hancock County to the best of my ability, fairly and impartially in accordance with the statutes of the state of Mississippi. I will work with the supervisors, and all elected officials to make our county second to none in the state. As I embark on this most important duty I ask for your prayers and your understanding.

So close to the top

The Hawkettes of Hancock North Central under the direction of Coach Charles Grantham, came within a hair's breath of winning the Girls Class "A" Basketball championship on Saturday in Jackson.

Not many teams can show a record of 31-6 for the season against all comers.

Hancock North Central can be proud of its Hawkettes. They played their best and gave it all they had.

All we can say is this, with all starters returning, the Hawkettes will be heard of in all corners of our state next season.

We and the rest of your loyal supporters will be back with you next season, in our salute to the queens of the hardwoods.

Hats off to Coach Grantham and the Hawkettes team.

Opinion/Ellis Cuevas

Another season ends

Saturday was the last official 1977-78 basketball game for an area team.

There have been many games played during the past four months. Every game had a winner and also a loser.

Every player, boy and girl, spent many hours of practice under the direction of their fine coaches before and during the long season.

Team supporters were given some very fine individual and team performances during this season.

To the players who played their last high school game before going to college or out into life, we say thanks for your participation.

To the returning players, we wish you the best in 1978-79.

Let us not forget the elementary and junior high players who will be moving up to the varsity in years to come, their effort is just as important. The more a boy or girl plays before varsity, the better chances he or she has of making the team.

To the many coaches and athletic directors, who spend long extra hours coaching and traveling with their squads, we say thanks.

Much effort on school administrations and teachers must be put into tournaments as is the effort of booster club members who sell the refreshments. All these tasks are jobs that are to be praised.

Basketball season is over, but not forgotten.

Waveland shelter

February 27, 1978

Editor
Sea Coast Echo
Bay St. Louis, MS 39520

Dear Sir:

This is written in reply to Mr. and Mrs. Moody's letter of February 22, 1978. I too have become acquainted with the Waveland Animal Shelter. On February 20, 1978, I went to the shelter and was sickened by what I saw. I was hesitant to enter the pound for the fifth. I also found dead dogs, no water, and no food.

As a resident of Waveland I resent the fact that this is the best we can do for an animal shelter. It is a disgrace and there must be a law to protect stray animals from this type of inhumane treatment. Worst yet is that the city pays \$200 a month for this disgrace. Something must be done even if it means not having an animal shelter for the city of Waveland.

Who runs city?

February 27, 1978

Letters to the Editor
The Sea Coast Echo
Bay St. Louis, Ms.

Dear Editor:

I was a reluctant supporter of the change of government for the City of Bay St. Louis. Like many people, I wasn't sure the system would work for us, but I agreed that we should at least try it.

Although it is too early to judge the merits of the system we voted in, some disturbing things are starting to happen which make me wonder if we did the right thing.

I refer specifically to a pair of events which took place during the past week: the appointment of an Engineering Advisory Board and the disruption of water service to a large part of the city last Saturday.

Advisory Boards and panels are fine if their function is clearly defined and understood. However, if the Engineering Advisory Board was organized to oversee the engineering services of those firms hired by the City, we should expect to see them. I have never seen a professional engineer

to criticize the work of another professional engineer.

The disruption of water service last Saturday from 7:40 a.m. to 11:00 a.m. in the area north of Highway 90 is an example of either lack of coordination or developers running the city. The mayor was unaware that service was going to be disrupted and so was my councilman, not to mention the people in the area who were greatly inconvenienced. Apparently the only people who knew what was going on were the contractor and the developer of the subdivision. I support progress, but for heaven's sake couldn't they have found a more convenient time to progress. At least they could have notified those of us who are accustomed to getting in the shower at 7:30 on Saturday mornings.

Sincerely,
Charles E. Carter, Jr.

Sewage dumping

Comm., Jackson, Miss.

Re: Permit Jourdan River Sewerage

Your moderator for the meeting held on Thursday in the Bay St. Louis City-County Library accomplished much toward informing our citizens of the Pros and Cons of having a sewerage system that would eventually empty an estimated 50,000 gal. of chemically treated water into the Jourdan River and ultimately into the Bay of St. Louis.

Your decision on whether or not to issue a permit, as I understand it, will be based on the wishes of the majority of the people living within Hancock County since it is they who will be directly affected.

From the responses during the meeting, it was evident that the majority in attendance were against the plan of sewerage disposal. However, there were several degrees of opposition:

1. Some would not like to see the Industrial Park Development.
2. Some are definitely in favor of Industrial Development for Hancock County, believing it would help the sagging economy and provide job opportunities for our people. However, they wish to explore some alternate plans for a sewerage disposal that would not empty any waste into our streams.

16th Section...

(Continued From Page 1A)

Many local landowners claim the state has issued mineral leases for land on which their families have paid taxes for years.

These fringe-lands bordering streams, bayous and rivers, are legally defined as state lands when they are below mean high tide level, but private interest as well as school districts claim the state has exceeded its jurisdiction in lease granting.

Our County, as you already know, has tourism as a present and potential source of income. With constructive planning this industry could be greatly developed and Hancock County could attract year round vacationers, sports fishermen, etc. If our waters are kept clean. The commercial fishing industry would also benefit.

Should treated sewerage be dumped into our streams, these industries would, of necessity, be damaged or destroyed.

I honestly believe the majority of our people do not want a sewerage system that would empty any waste, regardless of how chemically treated, into our streams. Many have so expressed themselves to me. Understandably, they cannot afford to take a vocal or written stand on the matter because of political or business reasons. I happen to be in a position to speak openly and honestly since I do not derive my income from this area and I have no political ambitions.

Sincerely,
Joe Pilet

Our Creed is adopted

By JOE PILET
Gulfcoast Chapter
DAR Citizenship
Chairman

The American's Creed was adopted by the House of Representatives in 1918. It was written by William Tyler Page and many schools require their students to commit this short creed to memory.

The recital of this creed is frequently used in public gatherings. It is printed in this column in recognition of American History Month, sponsored by the National Society Daughters of the American Revolution.

THE AMERICAN'S CREED

I believe in the United States of America as a government of the people, by the people, for the people, whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many inseparable, established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

I therefore believe it is my duty to my country to love it, to support its constitution; to obey its laws; to respect its flag, and to defend it against all enemies.

MANY THANKS

To my loyal supporters who fought for me so graciously, please let me ask you to accept this close loss as I have, and hold no hard feelings toward any of our opposition. Let us remember, as we continue this short journey through life, our forefathers who sacrificed so much, for us to enjoy open and free elections and an opportunity to vote for the candidates of our choice. Also let us remember in our daily prayers to ask the Almighty to continue to bless our country, so that we may in the future maintain and enjoy these present FREEDOMS.

I will always remember you.

Phone rates...

company's proposal for a \$2.3 million rate hike on long distance calls within the state, in addition to ordering a \$2 million yearly reduction on intrastate calls between most distant zones.

The commission said the company should implement changes in the zone rates which would reduce \$30 and \$40 monthly residence rates to a more reasonable \$20.

The PSC also called for the company to increase its capacity for offering measured service in which low income subscribers could be billed on a per call basis.

Dale filed a dissenting opinion to the majority action giving the company the \$27.9 yearly increase contending the company's operations brought a return of 9.1 percent in Mississippi during the fiscal year ended June 30, 1977.

Kyle said that figure is "not accurate" for the period under question at the hearing. The company's manager said the commission action reduced the company's return on its Mississippi operation for 1978 "somewhere in the area of 6 to 6.4 percent."

Kyle this week categorically refuted the allegations made by Dale in his written dissent.

"We feel like we proved to the commission our need for the requested increase, but the commission saw fit not to grant the funds we feel are necessary for continued growth and to maintain our ability to adequately serve the people of Mississippi," Kyle said.

Dale criticized the company for reported expenditures of \$101,000 for club dues and \$58,124 for entertainment during 1976.

"The precise nature of the light-hearted frolics and levity which produced this ludicrous bit of folly remains unexplained," Dale wrote.

"It is obvious to one of the dullest comprehension that such expenditures by the telephone company are completely devoid of wisdom and good sense," the commissioner continued.

Kyle said the company repeatedly pointed out at last week's hearing that the \$101,000 expenditure for civic, social and athletic club dues cover a five-state area of South Central Bell.

"These are necessary and justified expenses of our business," Kyle said, explaining only some one-eighth of the amount applies to the company's Mississippi operations.

"The civic contributions of our executives are immeasurable," Kyle added. "We have people serving as officers of Rotary and Lions Club."

"We owe it to our customers to keep them informed. The days are long past when it can be said we have no competition," Kyle continued.

"Our competition is strongest in the areas where our profits are—you might say we get hit right in the cream," the manager pointed out.

"But we don't run into any competition when it comes to providing service to an area like the Kiln where costs are very high," he noted.

Kyle said entertainment costs are "a commonly accepted expense of taking sales information to the marketplace."

"The Bell System's guidelines on entertainment expenses are more stringent than those of the Internal

Continued from Page 1

Revenue Service," the company executive pointed out.

"And there are no paid memberships in athletic clubs for employees in the state of Mississippi that I know of," Kyle added.

Dale expressed concern over a rate structure which sets a \$3.37 charge for a call from Gulfport to Jackson, while a call from Gulfport to Washington, D.C., costs only \$3.15.

Kyle said while these rate structures are "extremely hard to understand, they simply reflect the matter of costs involved."

"It costs the company \$55 per circuit mile to provide service within Mississippi compared to a cost of \$15 per circuit mile for nationwide service," he explained.

Dale also took exception to what he termed "grossly excessive" salaries paid company officials and attorneys.

"It is manifest to me that any company which can afford to throw away \$100,000 on club dues and \$58,124 on entertainment and pay exorbitant and totally unreasonable salaries to its corporate moguls is not tottering on the verge of financial ruin," Dale feels.

Kyle cited a November, 1977, issue of Nation's Business in justifying a \$90,000 annual salary paid John Mobley of Jackson, South Central vice president for Mississippi.

"Managers of businesses comparable to the size of the telephone company operation in Mississippi are paid \$98,000 annually," Kyle said, "plus some \$60,000 in bonuses and other considerations."

"He manages 7,000 people and an investment of almost \$1 billion," Kyle said of Mobley's job.

He noted the telephone company must remain competitive with other business and industry for executive talent.

Dale noted further that Bell's earnings per share rose sharply during 1977 according to the company's own annual report to shareholders which he placed in evidence at the hearing.

"The people of Mississippi have practiced prudence, thrift, conservation and downright privation in consequence of ever higher rates demanded by the state's utility companies," Dale stated.

"I believe that this proposition should work both ways and that a utility company with little or no business risk should practice the same degree of prudence in the expenditure of its own funds," the commissioner continued.

"I accordingly specifically vote against granting this company any rate increase in this proceeding," Dale concluded.

"We have no way of hedging against inflation, we have no adjustment clauses like other utilities," Kyle said in noting the company's ability to maintain rates at the current level is based primarily on efficient management of the operation in Mississippi.

"We had an 11 percent increase in efficiency last year," he stated.

"If we were inefficient and spent money without caution we would be asking for a lot more money than we did," Kyle explained.

common ordinance of mutual responsibility to protect the citizens and residents of the cities from accidents such as the tragic ones which recently occurred in Tennessee and Florida.

The 'common ordinance' is said to be geared towards creation of the common 20 miles per hour speed limit, the provision that trains are forbidden to block crossings for longer than five minutes, and that courts be permitted to fine engineers \$100 per incident.

Fire Chief Richard Fayard led the track inspection team yesterday, along with members of his department.

Fayard expressed concern that insufficient equipment is held by the Coast cities to meet the type of disaster that could occur in derailments involving chemicals whose treatment was outside the normal range of local force capability.

School Board...

Robert Hamilton, manager of the local office of Hancock Bank, and Board President Virginia Gex.

Hamilton's term expires on the first Saturday in March, 1979, and Gex's term runs until March of 1982.

Waveland's current representatives on the board are Jean Townsend of the Naval Ocean Research and Development Activity at NASA-NSTL and Waveland Postmaster Walter Turcotte.

Townsend's term expires in March, 1980, and Turcotte's during the same month the following year.

Townsend said this week she doesn't expect to seek re-election when her term expires.

"I think the best school board member is one who has children in the system," she stated.

"I have two in the high school now, but by the time my term is up they will have graduated," she noted.

"While we appreciate the fine job done by Bill Breeland on the school board," Mayor Bennett said, "we are looking to Singleton to insure that all citizens of the city are fairly represented."

"I would like to express my appreciation to the mayor and council for this appointment," Singleton said.

"We have long felt there is a need for black representation on the school board," the new member added.

I know I am replacing a good man, and I only hope I can do as good a job as he has or better—it will be a challenge," Singleton stated.

"And I would like to add that I will be representing all of the citizens of Bay St. Louis, with my primary responsibility being to work for a stronger and

Continued from Page 1

better system for the education of all of our children," Singleton concluded.

He comes to the task as no stranger to the rigors of school administration, having served for five years as president of the former St. Rose de Lima Parish School Board and as a member of that board for a total of 10 years.

Singleton was a St. Rose board member when that system was merged with Our Lady of The Gulf School System, and continued as a member of the new Bay St. Louis Catholic Elementary School Board.

He attended St. Rose High School and graduated from Randolph High in Pass Christian on the G.I. Bill after World War II.

Singleton served in the European Theater of that conflict from 1943 to 1946 as a member of the U.S. Army Supply Corps. He held the rank of corporal at the time of his discharge.

He is president of the Hancock County Civic Organization, deputy grand knight of Knights of Peter Claver, and a member of the Bay Chapter, National Association for The Advancement of Colored People.

He has been associated with Global Associates since 1970.

Singleton lives with his family in an elegant brick home he built himself "with the help of my friends," he noted.

He is married to the former Georgia Ellis of Morgan City, La. The couple has three boys and eight girls ranging in age from 28 to seven years.

Five of his children are graduates of Bay High School and two will enter Bay Junior High after graduation from Bay Catholic Elementary.

"The ball is considered 'ladies night' by the all-male association," O'Diebold explained, "and is somewhat equivalent to a debutante presentation."

The parade is scheduled to proceed from its starting point at Central and Waveland Avenues, east on Central to Coleman, south on Coleman to the City Hall reviewing stand where the Colleen will be toasted by Mayor Johnny McLongo and his Board Aldermen.

The march moves then to the beach and east on Beach Boulevard to Lafitte, north on Lafitte to Central, and back on Central to St. Joseph where the assembly will disband.

Association members will be attired in their "parade uniform" consisting of green turt, green sash over white shirt, and dark trousers.

requirements and regulations are the same as those of metropolitan centers. New regulations, in fact, may impose even stricter regulations on small towns.

The legislation would also authorize special grants to communities of under 10,000 population in applying for federal funds. Smaller communities would be allowed to apply for either comprehensive or single project funding.

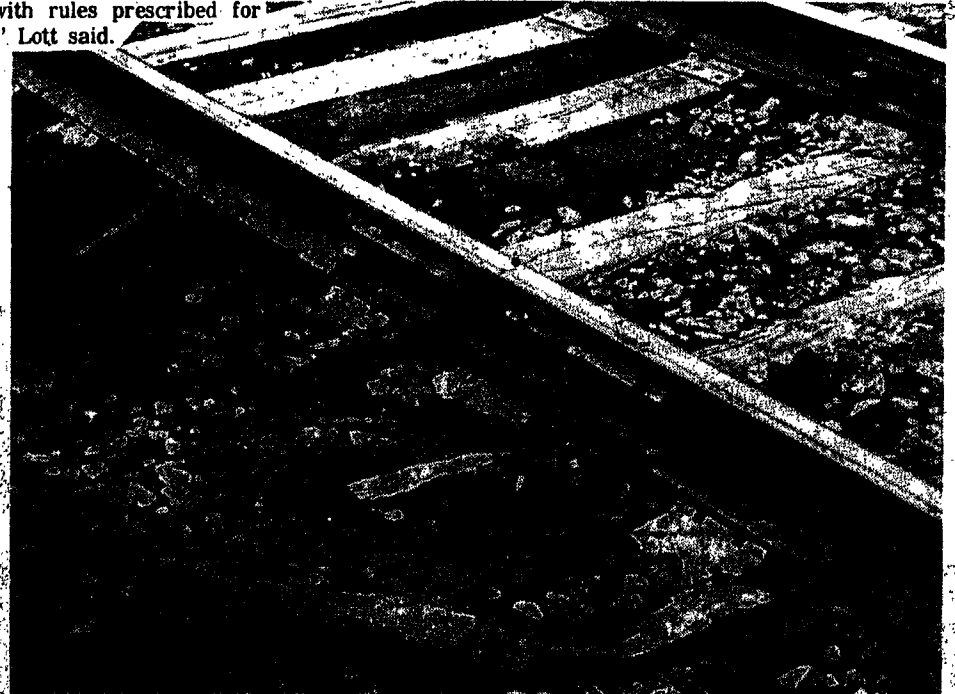

"In the past, rural communities seeking funding under a wide variety of federal programs have been expected to comply with rules prescribed for large cities," Lott said.

Long Beach, two of which contained liquid propane and one muratic acid.

No one was hurt in the incident but the potential for a major disaster was present, according to Mayor Sam Maxwell of that city.

Earlier that week a derailment occurred in Wiggins.

Other mayors involved in the mayor's meeting were: Jerry O'Keefe, Biloxi; Jack Barnett, Gulfport; Zack Anthony, Pass Christian.

As a united group the mayors went on record as "expressing concern" over recent railroad derailments of cars carrying combustible materials, which have recently plagued the South.

They said, "The dangers resulting from such accidents resulting from the railway which runs east to west through all of our Coast cities is one of mutual concern."

The said they would have the various city attorneys meet to develop a

SEAL IS PUT ON BALLOT BOX—Election Commissioner J. V. Ladner, right, puts seal on ballot box Saturday night as Circuit Clerk Henry Otis records number, following special election between Edward (Eddie) Murtagh and Clarence V. Lee for assessor-tax collector. Boxes were put under lock and key by the sheriff's office. (Staff photo-Ellis Cuevas)

ALL EYES CENTERED—Circuit Clerk Henry Otis, front, gets all attention as contents of ballot box are checked in recount Tuesday. In a close Saturday balloting for Assessor-Tax Collector, Clarence V. Lee requested a count of ballot by ballot. Involved, from left, are: Election Commission Chairman, Jake Morreale, Pete Moran, election commissioner; Lee, Claude Pittman, Lee's counsel; Walter James Phillips, attorney for Edward (Eddie) Murtagh; and Election Commissioner Frank Lee looks over Otis' shoulder as recount still gives Murtagh a 20 vote lead. (Staff photo-Ellis Cuevas)

TALLY SHEET CHECK - Election Commissioners Frank Lee and Roland Ladner, left, check tally sheets and voting registration books on Monday in county courthouse following close election on Saturday between Clarence Lee and Edward Murtagh for position of tax-collector-assessor. Lee, right is accompanied by legal counsel, Claude Pittman. Following check Lee asked for vote recount, an action taken on Tuesday. In recount Lee received 2287 votes, Murtagh, 2307. ANXIOUS MOMENTS—Clarence V. Lee checks with election commissioner on results Saturday night in his race against Edward (Eddie) Murtagh for assessor-tax collector. The unofficial and official results certified Tuesday by Hancock County's election commissioners showed a 20 vote victory for Murtagh, after a vote by vote recount. (Staff photo-Ellis Cuevas)

Murtagh...

(Continued From Page 1A)

I want to congratulate Clarence Lee and his family and backers for their conduct during this campaign," Murtagh said following the final count. Lee also issued a post-election statement, "I want to thank everyone who worked so hard in this election, the voters, poll managers, and election commissioners. I want to congratulate Eddie Murtagh on his victory. I accept it, the recount proved it. I think he and his family did a fine job and I thank you."

The first primary was held Feb. 11 with seven hopefuls to fill the vacancy created with the resignation of veteran assessor-tax collector George Heitzmann because of health. The Hancock Board of Supervisor's appointed Mrs. George Heitzmann to serve the interim term.

In the first primary Murtagh led the ticket in votes with 1531, followed by Lee with 848, Yvonne Ladner, 761, James A. (Jim) Ladner 544, Howard Lizana 415, Burton D. (Fip) Johnson 192, and Ray Pennington, 55.

In the second primary over 300 more votes were cast than in the first primary. The vote outside Bay St. Louis and Waveland was heavier in the second primary. Murtagh gathered his strong support in the cities, while the country vote was primarily cast for Lee.

With 18 of 30 boxes in (mostly city) Murtagh led Lee 1777-912, 25 boxes Murtagh 2143, Lee 1724, and with 28 boxes it was 2281 Murtagh to Lee's 2003. At 7:27 p.m. Saturday, Kiln Box No. Two arrived, giving Murtagh the 20 vote lead and an unofficial county of 2308 to Lee's 2288.

Saturday night Murtagh said, "I am proud of the fine vote the people gave me, it makes me want to work harder for the people of Hancock County. I hope this election will not cause any diversion between the city and county. If the count holds that I am elected I want to represent all the people of Hancock County. I have no personnel changes contemplated in the assessors or tax collectors office."

Desperation shot puts end to HNC's chances in Hawkettes' third bid for State Class A title

BLOCKED SHOT—Hawkette centers Shaynon, 42, and Sheila Ladner, out-reach Morton's Cassandra Fairchild, 10, as Joye Nell Lee, 14, gets set for rebound. (Staff photo-Cathy Lizana)

OUT OF THE CROWD—Shaynon Ladner tries a jump shot for Hawkettes over arms of Morton's Henrietta McDonald, 44. Ladner racked up 12 points before fouling out in last half of final period. (Staff photo-Sharon Walls)

By SHARON WALLS
With a desperation shot as the final bell rang, Morton took the State Class A girls' championship from within the grasp of the Hancock North Central Hawkettes, 45-44, Saturday in the Jackson Coliseum.

Morton's Janet Gray bounced a free throw off the rim with five second on the clock. Players from both teams scrambled for the loose ball before Henrietta McDonald of Morton came up with it and tossed up a blind shot which dropped through the net as the buzzer sounded.

The Hawkettes, in town for their third straight state tournament, jumped out ahead with two quick baskets in the first quarter. Morton fought from behind to finish the period out front by one point, 5-4.

Sherrell Ladner broke open the second set with two points from the tip-off, followed by Sheila Ladner with a goal on a steal by Joye Nell Lee. Within two minutes, Hancock had jumped out front, 10-5. McDonald and Cassandra Fairchild combined for five points in two plays to tie the game, 10-all.

LEADING THE CHARGE—Hancock North Central cheerleaders pave way for Hawkettes as they run out to court before their championship confrontation with Morton. (Staff photo-Cathy Lizana)

The two opponents traded goals for most of the period, until Shaynon Ladner went to the line with 18 second remaining in the half, sinking one of two to bring the Hawkettes within one point of Morton, 21-20, at the break. The lead passed back and forth several times in the third set until Morton moved out front on two points from the

line by Gray in the closing seconds of the quarter, topped off by a goal from McDonald giving Morton the advantage, 33-30, going into the final period.

With two minutes left in the game, Sherie Ladner narrowed a three point gap to 41-40 with a jump shot. Morton came back in the next minute with a goal from McDonald. Sheila Ladner went to the line for the Hawkettes as the last 60 seconds began to tick down, sinking one of two. Lee pushed HNC out front with only 32 seconds on the clock by a steal

which she brought down the court for two points.

"We had them out of position for a shot in those final seconds," commented Hawkette Coach Charles Grantham, "then we fouled Gray. We should have had that rebound, but we needed more quickness under the goal."

"Our team was pretty tense. The officials were calling the game on us close, and the girls started playing it overly cautious. They were not getting in there and hustling for fear they would have

another foul called on them. "Morton did the things they had to do to win," Grantham added. "They played man-to-man on Joye, and held a tight zone on defense. They hit the shots they needed."

"We needed to make fewer mistakes, hit our open shots and get the key rebounds. They beat us rebounding although we had the height."

"We could have won the game," he continued. "We had more talent than Morton, but they utilized every ounce of talent they had, and we didn't play up to our expectation." Hancock downed Morton, 51-44, in the regular season.

Shaynon Ladner, who fouled out in the final quarter, Sheila Ladner, and Sherrell Ladner each sank 12 points for the Hawkettes. McDonald led scoring in the contest with 16 followed by Fairchild with 12 for Morton.

The Hawkettes out-scored Morton from the field, netting 21 field goals to Morton's 14. But Hancock got only two points from the foul line compared to 17 for the opposing team. 20 fouls were called against North Central.

For their performances in the tournament, Shaynon and Sheila Ladner and Lee were named to the All State team.

The Hawkettes finish the season with a 31-6 record this year. Last year, they racked up a 34-2 total, losing out in the semi-finals of the state tournament to Forrest by five points. Next year's season looks bright with all of Coach Grantham's girls returning for another try.

Bullets win top rank in double overtime

By SHARON WALLS
The Bullets, spearheaded by the shooting of Jack Lewis, downed the People's Choice, 93-88, in double overtime, to take sole possession of first place in the Men's City League on Sunday in Valena C. Jones Gym.

The Rollers rolled over the Mavericks, 106-95, in the evening's opener and the War Hawks closed out the action with their second win of the year over the Warriors, 82-71.

Four Rollers scored over 20 points in Sunday's first game. Nathaniel Jones and Elmo Jacobs netted 25 each, while Melvin Lawton got 22 and Myron Labat got 21. For the Mavericks, Robert Smith led shooting with 27 points, followed up by Joe Tate with 19 and George Jones with 13.

The Bullets and People's Choice were sharing first place last week with 4-2 records. In Sunday's play-offs, the score was tied up repeatedly.

A jump shot from Lewis brought the Bullets from behind to catch up, 39-39, at the end of the first half. The scoring was close throughout the third period, with the People's Choice jumping out front by four at one point. The Bullets came back to even the score, 63-63, as the fourth quarter opened.

For every basket the Bullets sank, the People's Choice scored one just like it in the final ten minutes. The score was 71-71 mid-way through the set, then the Bullets burst ahead with three quick baskets to take the lead. With 1:29 left, People's Choice Luke Traylor netted a basket, on top of two points by Wilfred Ryles, to end regulation play at 79-79.

During the first five minute overtime period, neither team scored until the second half of the set when Lewis sent the

Bullets out front. Russell Fairconeture netted two of two from the line to keep pace for the People's Choice. The score remained tied up at 81-81 for the next minute. A net from the People's Choice broke the stalemate temporarily, but an outside shot from Lewis sent the game into second overtime, at 83-83.

Three players stepped to the free throw line in the closing second of the double overtime period to put the game away for the Bullets. Cleveland Williams got the first followed by Lewis with two, and Nick Saucier with two more on a technical.

The War Hawks won their first game on the court when

they went up against the Warriors Sunday. The other War Hawk win came on a forfeit. Robert Weaver netted 28 to pace the winners, followed by Sterling Price with 15 and Jimmy Lolacano and Wallace Hathorn with 14 each.

Jack Lewis of the top ranked Bullets is the leading scorer for the League with 34.5 points pergame average. Robert Smith of the Mavericks is second with 27.8. Warrior Willie Thomas is in the third slot at 27.1. Fourth place is held by Russell Fairconeture, averaging 24 points, and People's Choice teammate Luke Traylor rounds out the top five with 21.7.

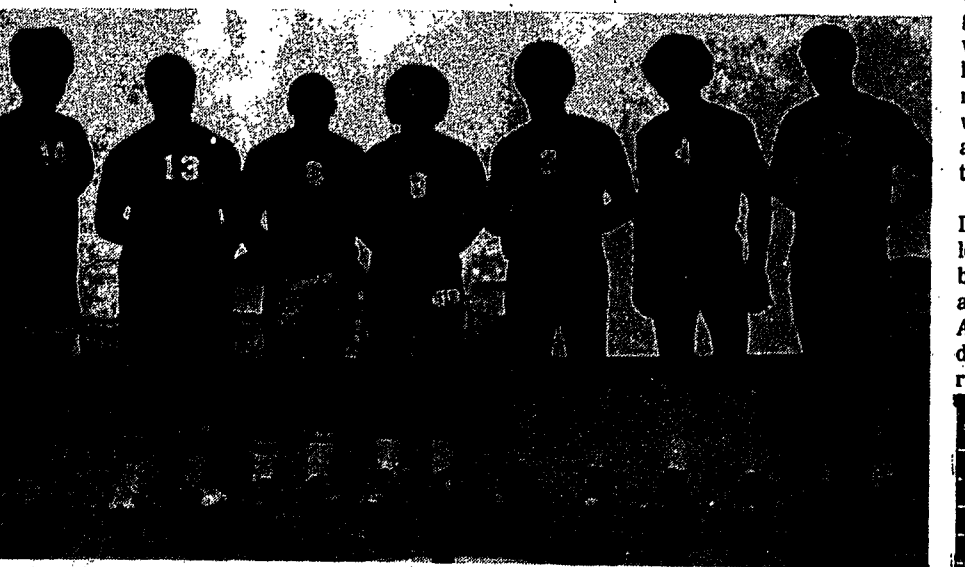

THE BULLETS—First ranked Bullets knocked People's Choice to second place Sunday in double overtime. Bullets players are, front from left: Willie Hall, Robert Whavers, Nick Whavers, Nick Saucier, Ricky Weaver, Larry Lewis, and Coach Willie Nelson. (Staff photo-Sharon Walls)

THE PEOPLE'S CHOICE—Tied for second place with the Rollers, the People's Choice have a 4-3 record for the year. The People's Choice are, front from left: Luke Traylor, Louis Davis, Larry Chariot, Russell Fairconeture; back from left, Darryl Singleton, Don Smith, Wilfred Ryles, Coach Clarence McKey and Thomas Favre.

THE WARRIORS—With a 3-4 record, the Warriors are all alone in third place in the Men's City League standing. The Warriors are: front from left, Harry Farve, Wilfred Whavers, Alvin Smith, Jimmy Lawton; back from left, Sherman Gordon, David Thompson, Willie Thompson, Grady Willis, and Robert Jackson.

THE WAR HAWKS—Taking their first win on the court Sunday, the War Hawks upped their record to 2-5. The War Hawks are: from left, Sterling Price, Donnell Taylor, Wallace Hathorn, Jimmy Lolacano, Michael Lynnel, Eric Lynnel, and Robert Weaver.

Three in third gives edge to Rock-a-chaws

A three-run double in the third sent the St. Stanislaus Rock-a-chaws hurtling ahead of Stone County for the fourth Rock-a-chaw win of the season, 7-4, Saturday in Wiggins.

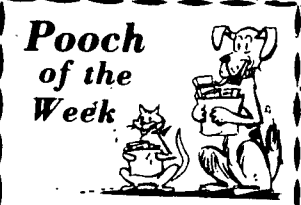

Scott Cox was starting pitcher for St. Stanislaus, going three and a third innings. Kerry Geroux pitched two-thirds of a set, and Todd Edwards threw one third of an inning. Kerry Corr was the winning pitcher, finishing up two and two-thirds periods. Corr, whose record is 2-0, also got two hits.

Cox slammed a three-run double in the third inning to give the Rocks the win. Edwards and Gary Sotak tagged home twice each for the majority of SSC's scores, while Corr, Greg Hammer, and David Murtagh crossed the plate for three.

For the Tomcats, Russell Dorsett took the mound. Stone logged 14 hits, three of them by Stuart Cox who doubled and scored in the third. Kent Ainsworth also scored on a double for three Stone County runs in that set.

UP FOR TWO—Bullets Ricky Weaver, 4, goes up for a basket, as defending People's Choice player, Wilfred Ryles, 27, tries to block. The Bullets won first place downing the People's Choice, 93-88, in double overtime. (Staff photo-Sharon Walls)

Thirteenth St. Rose semi-pro opens Friday

By SHARON WALLS
Thirty teams will compete in the thirteenth annual St. Rose Semi-pro Tournament opening Friday night in the Cy Rosenthal Memorial Gym at St. Augustine Seminary in Bay St. Louis.

Twenty-four men's teams, boasting former players from leading high school and college teams, and six women's teams will participate in one of the largest semi-pro tournaments in the South to raise funds for St. Rose Catholic Church. The men play double elimination,

Sun shines for Bay High tennis opener

Early morning rain threatened to postpone the opening match of Bay High's tennis schedule, but the sun broke through the clouds and dried the court for the afternoon matches. The Tiger tennis team won all but two contests against Coast Episcopal Tuesday in split matches on both courts.

In the A-team boys' matches, which were played at Bay High, Cullen Jones of the Tigers dropped Bill Hourin, 6-0, 6-0. In boys' doubles, Robbie Boyd and Don Fayard teamed up to defeat Alex Brown and Owen Scales, 6-1, 6-4, for the Tigers' second win.

Coast Episcopal took the B-team boys' singles match, with Gray Parker overturning Eddie Godwin. In B boys' doubles, Tigers Patrick Benvenuti and Mark France set back Randy Evans and Doug Underwood, 7-5, 6-4.

A-team mixed doubles played on Bay High's court, found Katherine Ross and Kenny Gilmore of BHS stopping Elizabeth Haynie and David Underwood, 6-4, 6-2.

In girls' action at Coast Episcopal, Ginny Vegas took the honors, defeating Cynthia Collins of Bay High, 6-0, 6-1. BHS won the A girls' doubles when Lisa DiBenedetto and Charlene Haynes upset Leslie McNair and Julie Scales, 6-4, 6-3. The B girls' singles match between Shelia Bell and Cynthia Morse ended in a draw.

while the women's competition is in a round robin format.

The tournament will be played in a series stretching over three consecutive weekends. Action will begin with the women's games on Friday, followed by men's contests on Saturday and Sunday.

Competition opens Friday night at 7 p.m. with the Covington All-Stars meeting the Picayune All-Stars. The Kool and Sonic All-Stars face the Bay St. Louis All-Stars at 8, followed by the New Orleans Sweethearts versus the Lucedale All-Stars at 9:30.

Two sessions will be conducted Saturday and Sunday. The first lasts from 10 a.m. until 4 p.m. and the second, picks up at 6 p.m. until 11 p.m.

Kool and Sonic of New Orleans will open Saturday's games at 10 a.m. with a match against the Lucedale All-Stars. Star Wars meet the Picayune gun's at 11:30 followed by the Country Boys and the Pass Point Devils at 1 p.m. Gulfport All-Stars and New Orleans Hip meet in the second game of the afternoon, and the ILA Bruins encounter

the Moss Point Jazz at 4 in the closing game of the first set. Biloxi Pro-Line faces the New Orleans Black Magicians in the opener of the evening. At 7:45, the New Orleans Pan Americans go up against the Covington All-Stars. The New Orleans Hustlers meet the Moss Point Pistons in the final game of the night.

Sunday morning's action kicks off with Biloxi All-Stars versus the winner of the Gulfport-N.O. Hip game. The Bay St. Louis Rams meet the winner of Country Boys-Devils game at 11:30. Algiers All-Stars face the winner of the Biloxi-Black Magician contest at 1. At 2:30, Jody's Lounge plays the winner of the ILA-Moss Point Jazz confrontation. The College All-Stars round out the afternoon with a 4 p.m. match against the winner of the Kool-Lucedale bout.

The evening opens with New Orleans Gumbo against the Guns-Star Wars survivor. At 7:30, the New Orleans Something Special plays the Hustler-Piston winner, and the Moss Point B K's close the weekend against the winner of the Pan Am-Covington face-off, at 9.

DEAD LIFT - Mike Blaize, Bay St. Louis native now representing New Orleans YMCA, raises 385 pounds in deadlift. Blaize, who underwent open-heart surgery as child, will among 40 lifters participating in Saturday's Mississippi State Powerlift Meet at SSC. (Photo - courtesy SSC)

Rhodes, Mabi head SSC/State Powerlift Meet

AAU World Champion Joseph "Doc" Rhodes and National Champion Lee Mabi will be among 40 lifters participating in the 10th Annual Mississippi State Powerlift meet Saturday in the Student Union Building on St. Stanislaus campus.

Lifters from Louisiana, Florida, Tennessee, and Mississippi will complete in the invitational tourney which gets underway at 10:15 a.m. and lasts until 6:30 p.m. This is the official AAU meet for Mississippi.

Four light weight classes will lift first in the split meet, followed by the heavy weights. Light weight divisions include 123, 132, 148 and 165 pound classes. Heavy weights are 181, 198, 220 and 242 pounds, followed by the super heavy weights.

Three events will be held in each class. The first will be the squat, considered the most difficult feat. In it, the lifter places the bar over his shoulders than squats down until his thighs are below parallel with the floor, then he must raise back up under his own power.

The second event will be the bench press in which the lifter lies flat on his back and presses weights arm-length above him. In the dead lift, the third competition, the man must lift the weight off the floor, straighten up completely and lock his legs, then return the weights to the boards.

Between competition of the two classes, four body-builders will present a physique exhibition. Their posing routines will be for the entertainment of the audience and not for competitive prizes. Admission for the classic competition will be \$3 for adults and \$1.50 for students.

ART AWARDS

Jere H. Allen, assistant professor of art at the University of Mississippi, received awards for his paintings at recent exhibits in Meridian and Coos Bay, Ore. He won the "best in show" award at the 5th Annual Bi-State Exhibition at the Meridian Museum of Art, and his acrylic and graphite drawing "Bereaved" will become a part of the museum's permanent collection. Allen will participate in a three-person show at the Coos Museum this summer as an award for having his painting "Self-portrait - Muses" accepted for the 12th National Coos Art Museum Exhibit recently.

Bay High takes two with seven

By SHARON WALLS
The Bay High Tigers rolled up seven runs in each game to defeat Stone County Saturday, 7-4, and Ocean Springs, Monday, 7-5.

Frank Henry pitched seven innings against the Tomcats in Saturday's game at Stone County, giving up six hits, walking two, and striking out ten. For Stone County, Vernon Mitchell went the distance, allowing eight hits, and two walks, and striking out fifteen.

No Stone player had more than one hit. The Tomcats scored one in the first and three in the sixth, with Farmer knocking in two runs.

The Tigers rolled up all seven runs in the third inning, getting six hits and two walks. Joe Cabaniss had two singles and an RBI, while Frank Henry got two doubles and an RBI in the third.

Dwayne Lafontaine and Ricky Manieri knocked in two runs each, and Ricky Hardie

got an RBI on a double. Kevin McCaleb had a single.

Lafontaine pitched seven innings against the Ocean Springs Hounds at Ocean Springs Monday, throwing three hits, three walks, and three strike-outs. Greg Beaugez took the mound for the Hounds through three and one third innings. He pitched three hits, five walks, and two strike-outs. Jody Butler was the Ocean Springs' relief pitcher, going two and two-thirds innings. He gave up one hit and two walks, and struck out three.

Bay High scored two in the first on a walk, a triple by Roy Ruhr, and an Ocean Springs error. The Tigers added four in the fourth on a double by David Strong, four walks and an error. The final score came in the fifth on a single by Joe Cabaniss, a walk, and an error.

Ocean Springs scored their first in the opening inning, racked up three more in the third, and sent home their fifth in the fifth on a double by Richard Daniels and the fifth Bay High error of the day.

"The team did a very good job," commented Coach Claude Yarborough. "We didn't get down after that 12-3 loss to Ocean Springs. Dwayne threw the best game in his three years at Bay High."

The Tigers are now 3-1, and will host Stone at 7 p.m. Saturday. A 5 p.m. B-game will precede the varsity game.

Bay candidate sought as Deep Sea Rodeo Princess

Girls between the ages of 18 and 21 living in Bay St. Louis, are being invited by Mayor Larry Bennett to vie for the title of Deep Sea Fishing Rodeo Princess representing their city.

The rodeo is held annually over the Fourth of July holiday weekend in Gulfport. To qualify, applicants must send a written resume, together with a photograph, and a paragraph in their own words answering: "Why I would like to represent the City of Bay St. Louis as their Deep Sea Fishing Rodeo Princess."

Mayor Larry Bennett, speaking of the contest this week, said, "I am anxious for all college level girls within the city to enter this contest. I think we certainly have some of the most beautiful and talented and poised girls in the state living right here in our

own city. "We are anxious to be represented in the Deep Sea Fishing Rodeo and I extend a personal invitation for all girls able to qualify to send in their application."

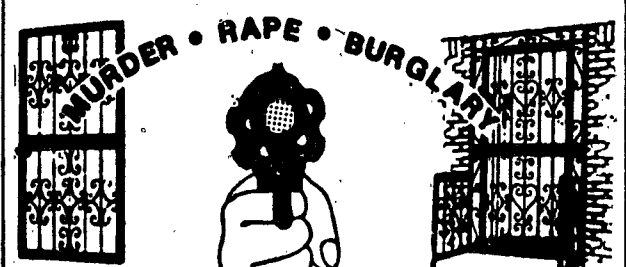

All entries will be judged by a three-person panel and the successful candidate being

required to attend publicity and social events including: radio and television appearances publicizing her city and college; the rodeo for three days; a trip to Baton Rouge and Jackson.

All entries should be mailed to WXGR Radio, P.O. Box 22, Bay St. Louis, Ms. 39520.

WHY ARE WE SO BIG ON ASTOR-THRIFTY MAID BRANDS? DEEP SOUTH, CRACKIN GOOD, ARROW, CHEK, LILAC, BLUE BAY

These "store brand" items are those that we ourselves produce in our own plants, or strictly control their production in plants under contract to WINN-DIXIE. Products bearing our own labels are produced under rigid WINN-DIXIE standards for quality and wholesomeness. Because we produce them - or supervise their production - we can offer them at prices lower than you would pay for some other comparable brand. Just another example of how "You Can Feed Your Family For Less When You Shop At WINN-DIXIE".

CPL. C. E. AINSWORTH, USMC

Marine Corporal Charles E. Ainsworth, son of Mr. and Mrs. Jerry M. Ainsworth of P. O. Box 1338, Bay St. Louis, recently participated in the combined naval exercises "National Week XXIV" and "Sardinia 78" in the Mediterranean Sea.

He is serving as a member of Battalion Landing Team Three Six based at Camp Lejeune, N.C.

These multi-national maneuvers in the Ionian Sea involved elements of the U.S. Sixth Fleet, Italy, Germany, Canada and the United Kingdom, and emphasized antisubmarine and air defense, amphibious warfare and logistic support at sea.

"National Week" supported "Sardinia 78" an amphibious landing exercise in southern Sardinia. Additional participants included German, British, Canadian and Italian Air Forces, plus Italian, Spanish and U.S. surface ships and submarines.

Ainsworth is a 1976 graduate of Bay Senior High School.

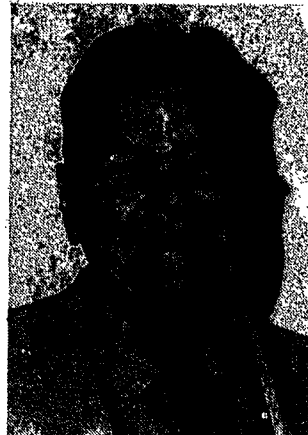

St. Stanislaus to induct four into Hall of Fame

Four men will be inducted into the St. Stanislaus Hall of Fame at the seventh annual induction ceremony to take place on March 11, on the St. Stanislaus campus in Bay St. Louis. The inductees include E. J. Arceneaux, Sr.; Gerard Schoen, Jr.; and Berchmans Wilbert, Sr. Brother Edmund, S. C., who died in 1959 will be inducted posthumously.

Brother Edmund entered the Brothers of the Sacred Heart on June 12, 1907. He taught at numerous schools throughout the United States, but his greatest days were spent at St. Stanislaus where he stayed for 25 years. He was particularly respected by everyone for years of service as teacher and prefect. He passed away on April 8, 1959.

E. J. Arceneaux has been a loyal supporter of St. Stanislaus since 1919. He was one of the organizers of the St. Stanislaus Sideline Club, becoming its second president. In 1973 the club awarded him a lifetime membership. He and his wife, Violette have four sons - Ed, Jules, Donald and Andre - all St. Stanislaus graduates. Mr. and Mrs. Arceneaux reside in Lafayette, Louisiana, after being longtime residents of Bay St. Louis.

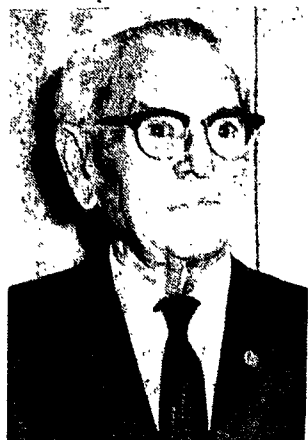

Jerry Schoen attended St. Stanislaus for three years and was graduated in the class of 1947, being graduated from Tulane University in 1952. After serving in the U.S. Navy, he entered the family business of Jacob Schoen & Son, Inc. His most prominent contribution to St. Stanislaus has been in the school activity improvement through the alumni association which he was president 1973-1975. Jerry and his wife, Aline, live in New

Orleans with their three sons and daughters.

Berchmans Wilbert, entered St. Stanislaus in 1917 and was graduated with the class of 1923. After attending the University of Cincinnati, he entered the family business of A. Wilbert & Sons Lumber and Shingle Company in Plaquemine, La., retiring in 1969 after forty-five years with the company. Berch served as president of the St. Stanislaus Alumni Association from 1952-

1953. His two brothers - Charles and Andrew and his son, Berch, Jr. were all graduates of St. Stanislaus. Berch and his wife Marie presently reside in Plaquemine.

A special school assembly will take place on March 10 at St. Stanislaus at which time the inductees will be presented to the students. The formal induction ceremony will be 7:15 p.m., Saturday, March 11, there.

News from the Church of St. Ann

THOUGHT FOR DAY

A thought for the day from the library of Father Canisius Hayes, pastor St. Ann's Parish.

Trouble - I am a great believer in the idea that trouble is the best thing that ever happened to us.

If all the troubles in the world were eliminated, and all the problems solved, we'd be more tired than work ever made us; we would be bored to death.

The man who has a lot of troubles may not think of himself as blessed, but there is a sense in which he is. For my own part, I believe that God intends some of us to have a lot of troubles of our own and a gift for taking on the troubles of others.

When God gives a man a gift like that he always gives him the graces needed to make the gift a consolation and a source of satisfaction to himself.

More men have been made great by crosses than by crowns; conversely, more men have been made soft,

even ruined by crowns than by crosses.

More men have been blessed through handicap and adversity than have been perfected through health and prosperity.

Richard Cardinal Cushing

FIRST FRIDAY
Mass First Friday, March 3, will be at 9 a.m. at St. Ann's Church.

THE OLE PASTOR SAYS...

THERE IS A LOT OF DIFFERENCE between a "good life" and a "good living." Lots of people make good livings but live poor lives. "The good life" is a common expression in our generation. Obviously, most of those who speak of the "good life" in our day are badly mixed up about what a good life really is. In reality, the good life - life at its best - is much more than "social prestige" or economic affluence.

A young man tragically mixed up about what life at its best was all about, came to Jesus, and said: "Master, speak to my brother, that he divide the inheritance with me." Jesus replied, saying "Man, who made me a judge or a divider over you? Take heed and beware of covetousness: FOR A MAN'S LIFE CONSISTETH NOT IN THE ABUNDANCE OF THE THINGS HE POSSESSETH" - Luke 12:13-15.

Millions of American families are overwhelmingly obsessed with the false idea that the best of life is to have a house among the "social elite" on "Snob Hill" with wall-to-wall carpet and back-to-the-wall finance. Manage somehow to get into the local "Country Club" to mingle and act silly with the booze-bingers and suds-sippers.

They wake up the next morning ill-tempered and up-tight as they face the moment of truth that their "high living" is too much for their low salary and mounting indebtedness. Nothing makes people go in debt like trying to keep up with those who already are. This kind of "rat race" they call the "Good life," too often drives them to drugs, drunkenness and divorce.

There is a better life than this, and many humble Christians can tell you so. The Bible says that a man should "not think of himself more highly than he ought to think; but think soberly, according as God hath dealt to every man to measure of faith.... Mind not high things, but condescend to men of low estate. Be not wise IN YOUR OWN CONCEITS" - Romans 12:3, 16. FOR IF A MAN THINK HIMSELF TO BE SOMETHING, WHEN HE IS NOTHING, HE DECEIVETH HIMSELF" - Galatians 6:3.

Prestige can be as phony as a three dollar bill! Reputation is what people think you are! Character is what you really are, regardless of what a few may think!

Yes, it's quite true that you may fool some of the people all the time; and all the people some of the time; but you don't fool God any time.

"The Lord seeth not as man seeth; for man looketh on the outward appearance, but the Lord looketh on the heart" - 1 Sam. 16:7. - L.S. Walker.
